ESSENTIAL INSPIRATION FOR CREATIVE MINDS

USP INSPIRE:
WILD ROMANCE

Emerald Fennell's reworking of *Wuthering Heights* is set to influence lifestyle and fashion trends ahead of its 2026 release. Starring **Margot Robbie** and **Jacob Elordi**, the trailer teases a subversive reimagining of **Emily Brontë's** 1847 classic for a modern audience. **Charli XCX** has also composed an original album to accompany the film.

The Yorkshire moors are the perfect wild backdrop to the story, with tourism in the area also set to rise. **Saltmoore**, located within the North York Moors, was recently named 'wellness haven' runner-up at the *Hotel Awards 2025* by **National Geographic**.

In fashion, history continues to inspire. For his debut at **Dior Men's**, **J.W Anderson** looked to literature and English aristocrats, with models sporting cravats and waistcoats, while **Dilara Findikoglu's** S/S 26 show combined corsets with torn fabrics and wild, undone beauty.

USP: Historical aesthetics are given a wildly romantic update for modern audiences.
