

UNIQUE STYLE PLATFORM
ESSENTIAL INSPIRATION FOR CREATIVE MINDS

USP INSPIRE:
RETRO OFFICE

Retro aesthetics continue their appeal, as fashion and interiors look towards a **1970's office** mood for inspiration.

Cold-War era spy thriller, *Ponies*, which stands for 'persons of no interest', premiered in January 2026. Emmy-nominated production designer **Sara K White** reflected the show's narrative through 1970's Soviet interiors and "*the use of palette, materiality, and iconography.*"

Élysées Lincoln, a picture house in Paris, has been recently renovated by interior architect **Louis Denavaut** to become a nostalgic 1970's haven from the modern day city.

At PFW Mens **Casper Mueller Kneer** created an experimental dinner at the historic Espace Niemeyer site to celebrate the **adidas Stan Smith**. The Brutalist heritage site was home to the French Communist Party's debates in the 1970's.

USP: A nostalgic 1970's vibe updates interiors and smart/casual dressing.
